

Case Study – GE Industrea

Application

- [Minecruiser – Personnel Carrier](#)

Specification

- Mk07 Tier Personnel Carrier
- MWM Series 10 engine rated at 80kW @ 2200rpm

Benefits

- Minesafe compliant cooling package and fan
- Increased durability and corrosion resistance to extend life in the field

Solution

- Coalmine specification cooling package
 - Copper/brass engine cooling for jacket water and charge air
 - Solder coated fin for corrosion protection
 - Steel construction oil cooling for transmission
 - FRAS compliant coal mine impeller

Volume

- Over 600 vehicles since 1998
