

ERP Specialist

- Market leading Australian industrial Heat Exchanger manufacturer
 - Permanent role
 - Based in Lara
-

Air Radiators is an award-winning Australian Manufacturer, providing specialised Heat Transfer solutions used in equipment like trucks, trains, mining equipment and power-stations. We have over 45 years of industry experience and an impressive list of international blue-chip customers that require our products.

Our Pronto ERP system is the backbone of our design and manufacturing businesses in Geelong and Thailand. Our Pronto system must interface with our other CAD, engineering and production software systems.

This role provides the frontline support to users and the scope to implement improvements to assist in the achievement of Industry 4.0 functionality.

This role is pivotal to the successful operations of our businesses and will require the successful candidate to work with the management team to improve the productivity of the wider business including sales, finance, engineering, production planning, purchasing, MRP, warehousing and operations.

Ideally you will understand the way Pronto works, how it all hangs together, the dictionary structure, where data lives, the triggers, overlays, the Linux operating system, typical administration functions, setting up new users, permissions and access, creating the custom directories and SQL reporting. IBM Cognos Analytics, EDI and 4GL program skills would be beneficial but not mandatory.

Ensure you address the skills and experience that will make you successful as our ERP Specialist in your covering letter to be considered.

The successful candidate will become a critical member of our fast moving and growing business, training is available to grow both your technical and personal development needs. This is a senior role with room to grow as the business grows.

Air Radiators is an equal opportunity employer, dedicated to diversity in the workplace and offers competitive salary - commensurate with experience including Income Protection continuance insurance.
