

Geelong, Victoria

Opportunity to work in a growing organisation

Monday to Friday 6:30am – 3:00pm with a monthly RDO

Production Worker

Air Radiators is a market-leading, vertically integrated designer and manufacturer of cooling solutions for high-end industrial applications and has an exciting future ahead as the industry diversifies from radiators for diesel engines to heating and cooling systems for the growing renewable sector of BEV and Hydrogen.

The company recently listed on the ASX through its parent – Adrad Holdings and is now looking at accelerating growth both domestically and internationally. New opportunities have arisen across its locations in Victoria, South Australia, and Thailand.

We are looking for a Production worker, reporting to a Production Manager at Air Radiators Lara. This role requires someone to work as part of a team, who is reliable and punctual with some mechanical skills having strong attention to detail and who is physically fit.

Key responsibilities are:

Able to work across various areas of production including but not limited to Assembly, Machine Operation and Spray painting

- Working towards achieving set goals and KPI's
- Meeting production targets
- Recording Production as required
- Inspection work/final products
- Ensuring the work environment is clean and safe by complying with WH&S requirements
- Performing tasks as assigned by the supervisor in a positive and energetic way
- Reporting any issues to your supervisor
- Continuously improve through feedback

Qualifications and Experience Required

- Proven Mechanical aptitude
- Demonstrated ability to follow instructions
- Relevant work experience in a in a production environment
- Ability to pass a medical and fitness test including drug and alcohol testing
