

Geelong, Victoria

Opportunity to work in a growing organisation

Monday to Friday 6:00am – 2:30pm with a monthly RDO

### **Assembler/Production Worker**

Air Radiators is a market-leading, vertically integrated designer and manufacturer of cooling solutions for high-end industrial applications and has an exciting future ahead as the industry diversifies from radiators for diesel engines to heating and cooling systems for the growing renewable sector of BEV and Hydrogen.

The company recently listed on the ASX through its parent – Adrad Holdings and is now looking at accelerating growth both domestically and internationally. New opportunities have arisen across its locations in Victoria, South Australia, and Thailand.

We are looking for a Assembler, reporting to a Production Manager at Air Radiators Lara. This role requires someone to work as part of a team, who is reliable and punctual with some mechanical skills having strong attention to detail and who is physically fit.

### **Key responsibilities are:**

Able to work across various areas of production including but not limited to Assembly, Machine Operation and Spray painting

- Assembly operations such as drilling, fastening and bolting of parts
- Assembly of a range of sheet metal parts
- Able to work to close tolerances
- Inspection work/final products
- Have a strong quality focus
- Maintain cleanliness of the work environment and equipment
- Meeting production targets
- Work in a safe manner complying with WH&S requirements

### **Qualifications and Experience Required**

- Proven Mechanical aptitude
- Be flexible and willing to learn
- Positive and cooperative attitude
- Demonstrated ability to follow instructions
- Relevant work experience in a in a production environment
- Ability to pass a medical and fitness test including drug and alcohol testing

### **How to apply**
