

Assembler - Manufacturing

About Us

Air Radiators has been designing and manufacturing heat transfer solutions for over 50 years. We are a leading Australian manufacturer supplying customers across the transport, mining, rail, defence, and power generation industries.

About the Role

We are looking for reliable, hands-on people to join our manufacturing team in Gillman.

This is a permanent full-time assembly position where you will build industrial radiator products using hand and power tools, follow work instructions and work alongside an experienced production team.

If you have worked in manufacturing, production, assembly, warehousing, or another hands-on role and enjoy practical work, we would like to hear from you.

Previous radiator experience is not required—we will provide training.

What You Will Be Doing

- Assemble industrial radiator products and components
- Use hand and power tools safely and efficiently
- Follow assembly instructions and engineering drawings
- Check your work to ensure it meets quality standards
- Work safely and keep your work area clean
- Work with your team to meet daily production targets
- Assist with general manufacturing duties as required

About You

You will be someone who:

- Has experience in manufacturing, production, or assembly
- Is confident using hand and power tools
- Takes pride in producing quality work
- Has good attention to detail
- Works well in a team
- Has a reliable work history and strong attendance
- Is physically fit and enjoys hands-on work

Experience in automotive assembly, appliance manufacturing, pump assembly, warehouse operations, or general factory work will be highly regarded.

Why Join Air Radiators

- Permanent full-time position
- Monday to Friday roster
- Overtime opportunities available
- Stable employment with an established Australian manufacturer
- On-the-job training provided
- Friendly and supportive team
- Opportunity to develop new skills and build a long-term career

Pre-Employment Requirements

The successful applicant will be required to complete a pre-employment medical, including a functional assessment, and drug and alcohol screening.

Apply Now

If you are looking for a secure, long-term manufacturing role with a respected Australian company, we would love to hear from you. Please submit your resume to recruitment@airrads.com.au quoting 40001 – Assembler.
